

Main technical features:

- Max current - measurement part: 63 A
- Max current - junction part: 160 A
- Rated voltage: 230/400 V
- Rated voltage of the insulation: 500 V
- Rated frequency: 50~60 Hz
- IP protection level: IK10, IP 54
- Working temperature: -25~55 C
- Compatible with norms: EN 60 439-1
- Insulation class: II

Type:

LG666024

Card number:
